SERVICES

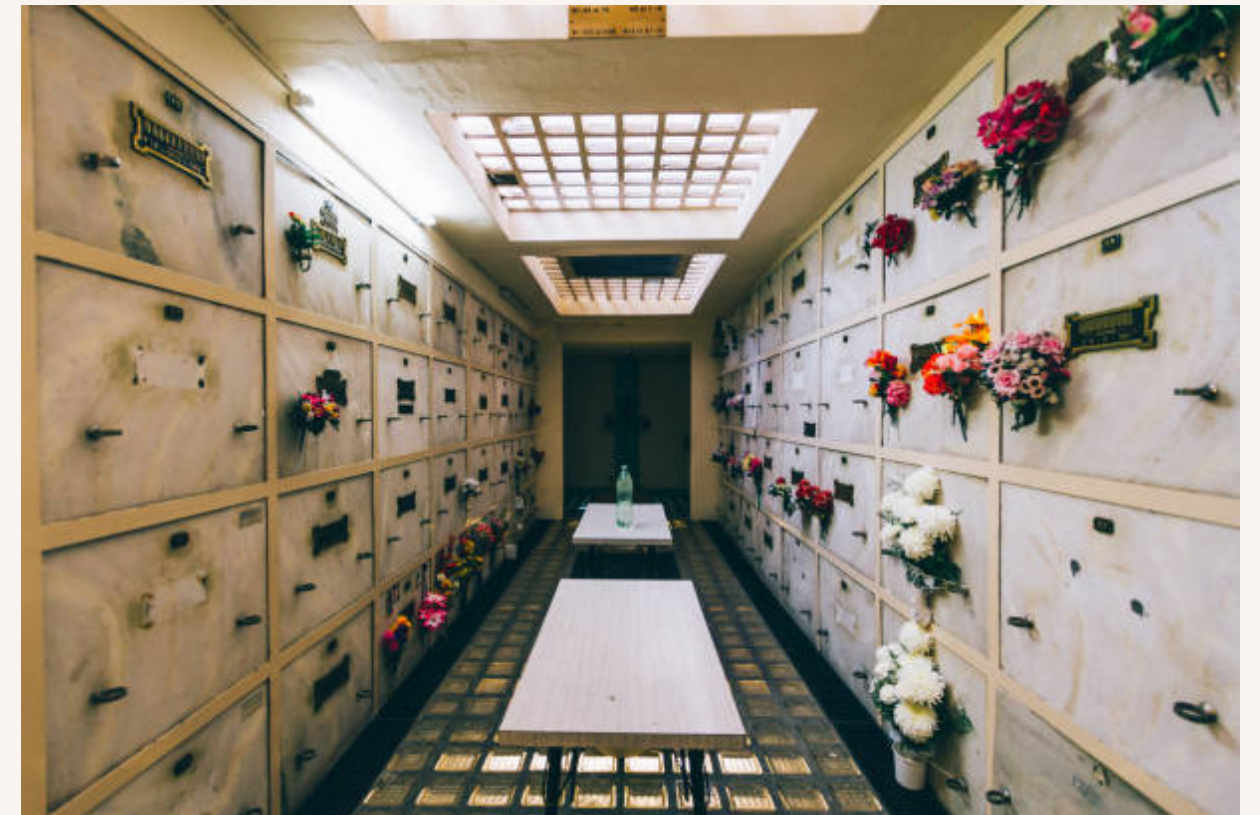

# Mausoleum and Niches

Riverview Abbey's mausoleum in Portland is designed to allow us to utilize up to 14 times less land than traditional earth burial. A mausoleum is an indoor cemetery. We also offer a large selection of crypts and cremation niches for memorial purposes. With beautiful stained glass windows and skylights dating back to the depression era, our building provides a lovely memorial setting in one of thousands of individual spaces. The corridors are adorned with a variety of marble originating from all over the world, including Italy, Russia, Portugal, and Persia and ranging in colors from shades of white and pink to brown and yellow.
